Tips to remember: Preparing for cyclone

Turn off all the main switches on getting instructions from authorities and don't touch electrical equipment with wet hands

Board up windows using wooden boards or thick paper or heavy curtain

Look out for broken electric poles and wires, sharp objects and debris

Protect and move important documents and valuables to a higher level

Know your nearest safe high ground/ safe shelter and the safest access route to it

Stay away from windows, doors, walls and skylights

Secure your house, especially the roof, carry out repairs and don't leave sharp objects loose

Untie all domestic animals
